Examination	Degree/Certificate	Institute	Year	CGPA/%
Graduation	B.E./B.Tech	Usha Mittal Institute of Technology, SNDT Women's University, Mumbai	2023–2027	**8.43**/10
Intermediate	HSC/State Board (XII)	Sathaye College, Mumbai	2022	**60.67**%
Matriculation	SSC/State Board (X)	St. Mary's High School , Mumbai	2020	**85**%

Scholastic Achievements

- **First Prize – Final Year Project Exhibition and Competition**, Usha Mittal Institute of Technology (UMIT), SNDT Women's University, October 2026, for the project **AgentShield: A Zero-Trust Security and Memory Integrity Platform for Autonomous LLM Agents**.
- Maintained a cumulative CGPA of **8.43/10** up to Semester VI the B.Tech. in for **Computer Engineering**.
- Minor Degree in **Embedded Systems** , with coursework in Embedded C, C++, Verilog, and Linux.

Technical Skills

- **Languages:** Python, Java, JavaScript, SQL, HTML, CSS , C/C++(Basic)
- **Frameworks/Libraries:** React, Spring Boot, Flask, Pandas, SQLAlchemy, Chart.js
- **Tools/Technologies:** PostgreSQL, Tableau, Git, REST APIs, JWT

Projects

TimeChat | Full-Stack Web Development Project | GitHub *Sep'25*

Real-Time Chat Application

- Developed a full-stack chat application using **React, Java, Spring Boot, and Axios**, integrating frontend and backend communication with credential-based authentication
- Implemented **secure authentication and session isolation**, preventing authentication conflicts across multiple browser windows through improved cookie-based session handling
- Integrated **CSRF protection and secure logout handling**, debugging shared-cookie issues to improve session reliability and prevent unintended cross-session interference

LabelLens — Intelligent Product Label Analysis System | GitHub *Mar'26*

Full-Stack Development Project

- Developed a **product label analysis platform** designed to simplify product information access and present relevant details through a structured, user-friendly interface.
- Designed a **modular application architecture** to support efficient data processing, organized information presentation, and maintainable application components.
- Developed a basic web application using the **MERN stack**, gaining hands-on experience with full-stack development.
- Worked on **application deployment and environment configuration** to improve deployment consistency and portability, incorporating Docker-based containerization if implemented.

Personal Portfolio Website | Live Website *Oct'26*

Responsive Portfolio Website

- Developed a clean, responsive, and user-friendly personal portfolio website using **HTML, CSS, and JavaScript**, showcasing technical skills, projects, and professional achievements.

Group Projects

AgentShield – Zero-Trust Security and Memory Integrity Platform for Autonomous LLM Agents *Oct'26*

Cybersecurity Project, Usha Mittal Institute of Technology

- Developed an AI security platform to protect LLM agents against prompt injection and memory poisoning attacks.
- Implemented memory trust scoring, risk assessment, human approval workflows, and audit logging.
- Integrated Ollama with the backend and frontend and evaluated the system against adversarial attack scenarios.

Position of Responsibility

Social Media and Marketing Head | IIC-UMIT, Usha Mittal Institute of Technology *Oct'24 – Oct'25*

*Led digital outreach, marketing, and social media initiatives to enhance **visibility and student engagement***

- Led **digital outreach and social media activities** for IIC-UMIT to strengthen **student engagement and institute visibility**
- Planned and promoted **innovation, entrepreneurship, and student-focused activities** through digital platforms

IIC Representative | IIC-UMIT, Usha Mittal Institute of Technology *Oct'23 – Oct'24*

*Represented the **Institution's Innovation Council (IIC)** and supported student engagement initiatives*

- Represented IIC-UMIT in **innovation and entrepreneurship initiatives** and encouraged student participation
- Supported the coordination and promotion of **student activities and IIC programs**
